New B.C. Curriculum Communicative Approach

**À la mode & beyond:
French workshop on fashion & other exciting themes**

Friday, June 2nd 4:30-7:30 pm
Quesnel SD#28 Board Office
410 Northstar Rd
Presenter: **Liliana Pesce**

“À la mode” is a fashion unit that is successful with French students. You will receive practical hand-outs about popular French designers and lessons addressing vocabulary development around colours, seasons, clothing, adjectives and more! By the end of this unit, students will be able to describe outfits, give compliments, role play purchasing clothing, design their own clothes and then organize a funny fashion show to celebrate their learning, while strutting down the runway à la Zoolander!

This workshop will be accessible to TTOCs, teachers of intermediate and secondary Core French as well as French Immersion teachers. You’re welcome to attend even if you have minimal or no French.

Participants will receive:

- Practical, classroom-ready hand-outs
- Free dinner
- Fun, interactive games, songs, and transformative ideas
- Membership with PITA (Provincial Intermediate Teachers Association)

Please RSVP by May 26: kevinsturt@sd28.bc.ca or phone: (250) 992-0421

Liliana began her teaching career in Surrey. She taught both primary and intermediate grades and dedicated several years to teaching Core French and presenting workshops throughout BC. Over the past three years, Liliana has been a proud resident of the Bulkley Valley where she has been teaching French in Smithers. Liliana is very passionate about learning and teaching languages and she especially enjoys networking with innovative and curious teachers as she presents at various conferences.

2-for-1
Strategies for cross-curricular integration

Worthwhile workshop for beginning and experienced teachers! Free resources!
